

THE PRINCE OF WALES'S

# Building Crafts Apprentices

---

 APPLICATION FOR THE 2010 PROGRAMME
 

---

---

 APPLICANT'S NAME
 

---

---

 APPLICATION DATE
 

---

Thank you for expressing an interest in becoming one of The Prince of Wales's Building Crafts Apprentices. Please read and complete this application form and return it to us by 26th February 2010. The form asks that you should include a full and complete reference and the name and contact details of that referee, who should be your tutor or employer. This is an important part of the application and you should ensure that this is completed.

Building on the success of the old Building Crafts Scholars scheme, the current programme has been designed to offer successful applicants a structured eight-month programme of tuition and practical experience to enhance the skills already shown. Practical experience will be delivered by placements – involving restoration and conservation work on historic buildings as well as the creation of new buildings.

To be considered for one of the places, candidates must have attained, or be successfully working to attain, at least NVQ/SVQ level 3 or equivalent in a building skill.

The opportunity to be a Prince of Wales Building Crafts Apprentice is open to all who have, or expect to have, the appropriate qualification, whether in education or work, but you will need the support of your college or employer to allow your full attendance during the course of the programme.

The programme is looking for those with the will to succeed in the rapidly expanding traditional building and conservation sector, and the desire to use and develop their skills to improve the built environment for this, and future, generations.

When complete, please print a copy and send it to the address below, together with copies of the other requested documents:

**The Prince of Wales's Building Crafts Apprentices**  
**The Prince's Foundation for the Built Environment**  
 19-22 Charlotte Road  
 London EC2A 3SG

FOR OFFICE USE ONLY.
